

Our Ea system guide

WHAT IS AN EA?

A Forex Expert Advisor (EA) is a program capable of performing any action following the instructions of a programmer/trader, without direct intervention. All tasks are performed automatically without human emotion, which is why the advisors are called experts or mechanical trading systems.

PERFORMANCE.

The EA is a highly specialist compound positioning & hedging and trading algorithm.

It's development to finished product took over 12 months of programming and over 14 months of testing in live market conditions.

The programming was conducted using 99.98% accurate modelling date, which eliminated the risk of manipulation. The EA was tested over 19 years of modelling data to ensure that it could operate in all average market conditions and extremes. The EA is designed to be low risk, with minimal drawdown. It targets 15-20% monthly ROI, however it is capable of higher returns (as recorded in our live data feed.)

The EA is highly optimised and has a full time programmer ensuring that the data is operating as per its parameters. The Forex market is a very fluid and ever changing environment, therefore this level of optimisation ensures that it remains consistent and that everything is

DO I NEED TO BE EXPERIENCED IN FOREX TO JOIN?

You don't need any experience to use our product. The whole aim of our system is to cater for all abilities within Forex. Don't worry if you don't know much within foreign exchange, We teach you about it, we even hold day forex courses for our clients to attend.

WHAT DO WE CHARGE?

So we charge a fee of 30% of your profit margins per month. At the end of the month we will invoice you for our cut+ £15 for hosting fees. You will have 7 days to pay this bill. This gives you time to withdraw from IC markets. Normally takes around 1-2 days for your withdrawal to be submitted and in your bank/PayPal account.

Failing to pay your bill in the time frame given, your account will be removed from the system and will no longer be on our product.

WHAT DO YOU GUYS ROUGHLY AVERAGE ON RETURN PER MONTH?

We average 20.5% return on investment per month. The minimum we've achieved since we went live in July 2018 is 4.50%, the highest being 49.77%.

WHERE DOES MY MONEY GO?

So when you sign up, We will send you a link to get you set up with the forex broker. This is the place where your money goes. Ic markets are FCA regulated, meaning your money is secure and protected! Only the customer (you) have access to your account.

WHAT DO YOU GUYS TRADE ON?

Our system is programmed to trade solely on major forex pairs. For example EUR/USD.

IS THERE A MINIMUM LENGTH WE NEED TO LEAVE THE MONEY IN?

No, when you sign up to our service you don't sign any contracts, so you can withdraw your money whenever you like. However we recommend to leave your money in your account (excluding fees) for a minimum of 16 months. The reason why we say this is, the get the maximum benefits of Our product it's incredibly important to leave your account to compound. What this means is leaving the profits you make to reinvest and keep building up. If you're still unsure what compounding is then please go to our website and click on the compounding section for an explanation.

WHAT'S YOUR BIGGEST DRAWDOWN?

Our average drawdown is 9.2% however the maximum we have been at is 20.82% drawdown.
Risk management is key to succeeding.

DO YOU HAVE MANY LOSING DAYS?

Zero. Sounds too good to be true but we have never had a losing day to date since we went live back in July 2018.

Consistency is key, and we have perfected that.

HOW DO I WITHDRAW?

This is key, before you withdraw you need to contact the team to ask if it's currently possible to withdraw. It's very important you don't apply for a withdrawal half way through an open trades. When you're ready to withdraw we will give you a procedure to follow.
